ADIL RUSFEED

Mobile Application Developer

Email: **adilrusfeed@gmail.com** | Phone:**+91 8113999461**
LinkedIn: **linkedin.com/in/adilrusfeed/**

PROFESSIONAL SUMMARY

BCA graduate and multi-skilled professional with hands-on experience in **Flutter** development, **backend integration**, and building scalable, cross-platform mobile applications. Proficient in Flutter, Dart, **Firebase**, **RESTful APIs, UI/UX design**, and state management using **Provider**. In addition to technical expertise, I bring strong skills in **office support** and **Play Store Submission**. I have successfully mentored developers, facilitated team onboarding, and contributed to process improvement in collaborative, fast-paced environments. Highly adaptable, organized, and detail-oriented, I thrive in roles that combine **technical developmen**t with **operational coordination**, cross-functional support, and team **leadership**.

TECHNICAL SKILLS

- **Languages & Frameworks**: Flutter, Dart, HTML, CSS
- **Databases & Backend**: Firebase, Hive, Microsoft Excel
- **State Management:** Provider, Bloc
- **Tools & Platforms:** Git, GitHub, Figma, Razorpay Integration, APIs, Play Store Hosting
- **Others**: Mentoring, Teaching, Accounting, Administration

PROFESSIONAL EXPERIENCE

Bridgeon Solutions LLP
Flutter Developer

Kerala, India
2023 – 2025

- Engineered and deployed multiple cross-platform mobile apps using Flutter and Firebase.
- Integrated third-party APIs and services to enrich app functionality, including **Razorpay** for secure payments.
- Delivered responsive UIs and implemented efficient state management using **Provider**, improving performance by 35%.
- Led Play Store submission processes, including optimization, review handling, and updates.
- Collaborated in Agile teams, contributing to planning, code reviews, and version control using **Git**.
- Mentored new team members on Flutter best practices, project **architecture**, and Git workflows, accelerating onboarding time by 40%.

PROJECTS

File Manager

- Developed a user-friendly file management app, increasing productivity by 30%.
- Integrated real-time file statistics with engaging visual charts, improving decision-making by 25%.
- Reduced storage complexity by 60% using Hive database for offline persistence.
- I hosted an app on the Play Store and have numerous downloads, which gives me confidence in this field.

Movie Flix

- Added trending and upcoming sections, resulting in a 25% increase in user retention.
- Enhanced user engagement by 50% through detailed film information and recommendations.

Ecommerce App

- Designed wish list, cart, and product listing features, improving engagement by 40%.
- Empowered sellers with intuitive product management, increasing content volume by 30%.
- Secured app authentication using Firebase, reducing unauthorized access by 95%.
